CUBAN INSURRECTION

The Campaign to Be Renewed in November.

REBELLION WILL BE SOON ENDED.

Fighting Is Still Going on, Adding to the List of Killed and Wounded on Both Sides-General Salcero, Just Returned From Cuba, Is Hopeful of a Speedy full satisfaction of claims. Ending of the Trouble.

MADRID, Aug. 21.—General Salcero has returned here from Cuba, and he declares that the campaign there will be renewed in November, when Santiago de Cuba, Avila and Puerto Principe will be strongly garrisoned. General Balcero is of the opinion that these measures, together with the watch on the coast to guard against the landing of further expeditions, will end the rebellion with the beginning of 1896.

Official reports received here are to the effect that Colonel Santanders has met the insurgents in Lomas, province of Santa Clara, and has routed them.

The insurgents, it is said, lost 15 killed and wounded, while the troops had five wounded and lost. News is also received that the rebels have burned the plantation Grande in the Province Puerto Principe, belonging to

the heirs of Enrique Sardor.

Major Anino, with the forces of the battalion Bourbon, fought the insurgent band of Basilo Guerra, according to official reports, at their camp on the plantation of Advance near though Visco plantation of Adatoa, near Buena Vista, in the district of Reincdios. The insurgents left three dead and recreated,

carrying their wounded.

A report has been received that Lieutement Colonel Tejeda has had a fight with the insurgent band of Higmio Vasquez, which numbered 500 in Jutia, province of Santiago de Cuba. The insurgents remed with their dead and wounded. Colonel Tejeda also reports that he surprised 200 insurgent cavalry in Burenez. The insurgents left toar dead upon the retreat, and lost one prisoner. The troops had six wounded.

Colonel Oliver reports that he has again fought an insurgent band in Manaquitas and Rio Largo and taken three of their camps, together with the animunition. The insurgents left upon the field three killed and 10 wounded.

The troops had three slightly wounded.

A column of Colonei Morina's surprised the bands of Hurtago and Antomo Munez on a farm in Sagna Lajas, province of Santa Clara, necording to a report received from him. The insnrgents were d.spersed, and ln their flight left 11 kmea upon the field.

Six saddled horses were taken and many horses were killed. Of the troops, one was killed and two wounded. Among the dispersed insurgents were wounded

A report has been received that the troops Monday dispersed a band of insurgents near Guerrero, district of Remedios, and also that the civil gnard dispersed a small band in Los Nievas. The insurgents left three dead and two wounded. A band of 500 insurgents attacked the piantation of Romana, 24 miles from Sagua, and burned all the

buildings, the loss being \$70,000. The official report says that 29 of the plantation incorers made a valorous deiense for hours, and after two had been killed and six wounded and the ammunition had become scarce they were obliged by the flames to surrender. The insurgents retreated and also had many

dead and wounded. There is the best anthority for saying that General Saicero when he departed for Spain and not earry to Madrid any mission from Captain General Campos to her majesty the queen regent, nor to the government. Ine news which has been cabled from Madrid that General Campos needed more troops than he had asked for and that when he requested 14,000 soldiers the government sent 25,000, is pronounced to be untrue.

() A column of troops, numbering 230, under Coronel Caneilas, in Tanamo, is reported to have sustained a heavy fire from the insurgent bands of Generals Cartagena, Matras and Wega to the number of 400. Colonel Canellas reports that he took the position of the insurgents, who left the field with seven killed. The troops lost one killed and seven wounded.

AFTER MANY YEARS

Spain Arranges to I orward the Money For the Mora Claim.

WASHINGTON, Aug. 21.-An agreement has been signed by Secretary of State Olney, Minister Dupuy de Lome of Spain, Antonio Maximo Mora and Mr. Mora's counsel, providing for the settlement of the Mora clalm on the basis of \$1,500,000 on the 15th of September next. By the agreement the claimant waives all demands for interest and accepts the amount named as

This agreement was reached as the result of negotiations conducted between Minister De Lome and Secretary Olney largely since their departure from Washington. The memorandum was signed one day last week, Mr. Mora and the attorneys being summoned to New England for the purpose of con-sultation and to attach their signatures.

There is only one point on which it appears possible that there may yet be a hitch. The Spanish government insists that the payment shall be made by Captain General Campos, in charge of the Spanish forces in Cuba, and that the money shall be transferred to Mora or his representatives in Havana. Mr. Mora does not accept this condition and Insists that as the settlement is the result of negotiations between Spain and the United States, the payment hould be made either in Madrid or

ington. The agreement provides that the claim shall be paid in Sparish gold dollars, which are of slightly less value than the American coin. International lawyers say that the instructions of contained in the resolution directing the tained in the resolution directing the state department to collect not only the principal but the interest on this claim is in no sense binding and that in case the point is raised in any way it will be sufficient to show that Mr. Mora had the right to waive the interest.

QUAY'S HOPES

Do Not Seem as Bright as They Recently Were-Still Confident.

PHILADELPHIA, Aug. 21.—Most of the interest in the primaries is centered in the contest between Senator Quay and the administration for delegates to the state convention. David Martin, the Republican leader of Philadelphia, coneedes Mr. Quay 10 delegates. One of the most stalwart supports of the administration faction printed a table of estimates in which it gives Mr. Quay seven delegates and puts 29 in the donbtful column.

The Quay men are not giving any estimate of the number of delegates that they expect to get from Philadelphia, but it is known they are counting on from 18 to 23. Mr. Quay said that even if he were disappointed in his hopes in Philadelphia, he could win without the

MINNIE R. WILLIAMS,

One of Holmes' Alleged Victims, Heard From.

IS REPORTED ALIVE AND WELL

Holmes Said He Kuew His Story That He Did Not Kill the Girl Would Be Confirmed-He Is Sorry She Hos Made Herself So Public-Minute May Appear on the Scene al Any Time,

Philadelphia, Aug. 21.-W. A Shoemaker, the attorney for H. H. Holmes, accused of a score of murders, received a telegram yesterday, purport ing to come from Minnie R. Williams, one of the Holmes' alleged victims. It reads as follows:

PROVIDENCE, R. I., Aug. 19, 1895. W. A. Shoemaker, Attorney, Philadel-

Report that I was murdered absurd Am alive and well,

MINNIE R. WILLIAMS.

When the message was shown to Holmes, he said excitedly: "I knew my story that I did not kill

the girl would be confirmed." He brushed tears from his eyes. "I am sorry, however, that she has made herself so public by telegraphing. She might as well have written."

Then Holmes reiterated the statement that he has made so often that the last tine he saw Minnie Williams was when he left her at Toronto with the Pietzel children. The prisoner has every confidence that Minnie Williams is the best friend he has and feels assured that the telegram that was received here restreday was sout in her ceived here yesterday was sent by her for the purpose of showing loyalty to

Attorney W. A. Capps, the Fort Worth attorney, who has been here in the interest of the Texas people who are trying to prosecute Holmes, was on his way to take a train for New York when told that Minnie Williams had

been reported alive. He said:
"I never thought she was dead. The Fort Worth people think she is alive, but it seems mighty hard to locate her. She may be somewhere near Boston. She has many friends there. I wouldn't be surprised if the telegram you say has been received from her is correct." There the conversation was aboutly

terminated by Mr. Capps having to rush off to catch the New York express. Assistant District Attorney Barlow would not say whether he thought the telegram was gennine or false. He admitted, however, that he would not be astonished if Minnie Williams appeared on the scene at any time.

Lawyer Shoemaker is investigating the telegram which came over the wires of the Western Union Telegraph company. Asked as to his belief in its gennipeness, he replied:

"It may, or may not be. My opinion, however, is that it was sent by Minnie Williams. Holmes told mc yesterday afternoon that he supposed the girl has just arrived from London, and perhaps was induced to send the message to some of his friends.

"It is more than likely that Minnie Williams sent the message from Providence and then hurrically left the town. She has always, you know, had a particular fondness for Boston, and, besides, she has many friends in that city. She may have been on her way there when she telegraphed mo."

On May 15 he was married to Miss EMPLOYES OF LIVESTOCK YARDS. Tina Russell of this city. NORWAY SPRUCES DEAD.

So Is the Family in Whose Hopor They Were Planted.

English, Ind., Aug. 21.-William Harkness is dead and buried. He was 51 years old. If the story told of the Harkness family is true, there is an affinity between the vegetable and anlmal kingdom. When Mr. Harkness married, in his 24th year, he painted two Norway sprnees, one in the name of himself and the other in the name of Mrs. Harkness. When their only child was born Mr. Harkness planted a third tree, naming it in honor of his son. The trees throve finery until the boy was 7 years old.

The tree named in honor of the boy was then struck by lightning, and it withered and died. One week later the boy was kacked by a horse and kille l. Ten years ago, after a protracted illness, Mrs. Harkness died. Her tree began drooping about the same time, and it soon died. This spring, when Mr. Harkness' inness was thought to be only a slight cold, he noted that the last of the spruce trees was withering, and nothing could convince him but that he would soon go to join his beloved dead. All of the family are now dead, and so are the trees.

A Small Boat Loses Several Pleasure Scokers.

Seven Men Out of Fifteen Meet Death In a Heavy Sea on Like Eric Great Service Done by the Life Saving Crew Steering Gear of the Boat Went Wrong When Making a Yurn.

Buffalo, Ang. 21.—By the capsizing of the small pleasure yacht Rung Brothers last evening, seven men of the 15 on board were drowned. That there was not a greater loss of life is due to the nearness of the tng E C. Maytham and the quickness of the lifesaving erew in getting to the scene.

Following is a list of the drowned: Jacob Banmann, married, and has three children.

Henry Schindler, married. Charles Fischer. Thomas F. Cannon, single. The fireman, name not known. Stranger, name not known.

The members of the party were employes of the East Buffalo Livestock yards. A strong wind was blowing, which male a heavy sea, and as she was entering the harbor a heavy sea, and as such as entering the harbor a heavy sea swept over her engulfing boat and all on board. Most of the life preservers were loose and easily grabbed by those who had the opportunity or presence of mind. The skylight over the engine was lioated off as the boat sank, and this was seized by some of the men. Two men grabbed one life preserver and both went down.

The tug E. G. Maytham happened to

be passing near the seene of the accident and rescned four of the men from the waves. Two members of the lifesaving service were also grappling for the body of Charles Gillig, who was drowned Sunday, and they succeeded in saving two half-drowned members of the party. They were all who were rescued, though search for the others was continued until a late hour.

The Rung Brothers was an open pleasure launch built two years ago by Burley Brothers of this city, by whom she was owned. She was 57 feet long 10 feet 4 inches beam, and listed to carry 23 persons. At the time of yesterday's disaster she was engineered by L. J. Burley, one of the owners. The latter claims that the steering gear went wrong at the time of making the

A large, heavy-set gentleman attempted to pass the child, when the train gave a lurch, overbalancing the man and throwing him down on the boy with such force as to break the little fellow's collar bone. Everything was done that could he until the train reached the next station, where a doctor had been telegraphed for, and set the bone. THE HUNTINGTONS WON.

They Batted Out Six Runs in First Two Innings, But Never Scored After That.

The crowd at the ball park yesterday afternoon saw one of the liveliest games of the season.

On account of the rain it was not decided to play until nearly 4 o'clock, and it was fifteen minutes past that hour before the game commenced. The attendance was very good under the circumstances.

Wellner, who pitched for the locals, didn't have much opportunity to warm up, and the visitors batted him hard in the first two innings. In these two innings they got six or seven hits, and these, coupled with two or three errors on Maysville's part, gave Huntingtons six runs. After that the locals all got down to hard work, and gave Wellner magnificent support. The visitors were never able to get further than second base, in the remaining seven innings, but they had a lead that the locals didn't succeed in overcoming.

Dick Smith, who has fooled the Maysvilles on one or two occasions, was in the box for Huntington, and inability to hit him successfully was the principal cause of the locals' defeat. Dick has a change of balls that is rather deceptive. He mixed up his drops, curves and hard straight ones, and held the Maysvilles down to three hits.

Following is the score:

Rieman puts up as great a game in the field as he does in the box.

O'Donnell doesn't umpire with satisfaction to either side, but then there are very few who can do that.

The Maysvilles play at Huntington Friday and Saturday, and go to Gallipolis next Monday for four games. . .

Hall plays an excellent game at second. He made a fine stop yesterday, and he and Heilman figured in several neat plays.

Heilman made a great one-handed, running stop yesterday and then threw the batter out at first. It was another to his long list of sensational plays.

Cox did some of his old time base running yesterday. He scored two of the three runs. He also made a great throw from left foul line to second, assisting in

Van Winkle's stop of a hot line drive and throw to first yesterday was one of the prettiett he has ever made. He had to turn clear around before he got the ball, but he put it over to Sutherland in time to catch the batter.

The Kentons of Lima, Q., wired last evening offering the Maysvilles good terms for three games to be played at Lima next Sunday, Monday and Tuesday. The offer was declined. The Maysvilles had a previous engagement, but they will not play on Sunday.

Captain McGann put up another great game as receiver yesterday. His eatch of a foul tip in the last inning was one of the best ever made on the grounds. The

ball was way up, but the Captain went into the air, knocked it down with one hand and then caught it with the other.

A RIVAL OF MULHATTON.

What the Vanceburg Sun Says of One of the Stories Sent Out From That Place.

[Vanceburg Sun.]

In articles dated this point and appear ing in the Cincinnati Post and Commercial Gazette, of August 10th, respectively, it was stated that a sensational trial had taken place here Friday before 'Squire Fisher in which the parties concerned were of a peculiar religious sect and that they came garbed in the National colors. We here wish to state on anthority of the 'Squire, attorneys, etc., that there was nothing of the kind. On the day and date above written there appeared before the above 'Squire, parties bearing the names of Washburn and Hicks, who appeared in court simply on a peace warrant. It seems that Washburn had had Hicks placed under bond to keep the peace and Hicks had simply switched back and done the same thing to Washburn. There were some fines assessed for ernelty to some of the children but that was all. In the articles referred to they were called the "Rockport Disciples," which organization or whatever it may be was never before heard of and does not exist. There is no "Sacerdotal Superiors," "Lady of Love" or "Lady of Jordan," there was no flag worn by anyone. The article appeared also in the Enquirer, which paper we acknowledge to correspond for, but wish to state that we are in no wise responsible for its being in that paper as we did not send it, nor did we authorize its insertion.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE,

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription

known to me." H. A. ARCHER, M. D., III So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
